**SPASN1** – SOLIS hairdryer nozzle: Softstyler Superflex

SINCE 1908

**Solis**

## SOLIS hairdryer nozzle: Softstyler Superflex

The special air-conducting system envelops your hair with warm air and allows quick & gentle drying.

Ideal for curls, perms or natural waves as well as for finger-brushing.

Thanks to the ingenious soft rubber elements within the detachable tube, SUPERFLEX can be attached to all hairdryers (please detach the tube for the SOLIS Twist) and scratches on the housing are avoided in a reliable manner.

### Features

Perfect hair style due to adjustable air flow

Very robust, if it should fall to the ground no cracks

No scratches on the hair dryer, thanks to soft rubber linings
